

(1)

I got to the cps building at like 11:40am I was taken in a room with 2 cps workers. They went over everything about the kids and then asked about them helping me get a place to live. They had me sign papers in regards to my kids. I went to walk out the door and two gentlemen stopped me at the door and asked me to step back that they needed to talk to me and ask me a couple questions. They told me their names were both Chris and that I was not in trouble that they feel I am a victim. I said I have an attorney I would rather you contact him. Then they asked me who

(2)

My attorney was I told them Bu. Brently. They said no thats not your attorney hes my ~~uncle~~ Uncles personal attorney. I said no hes also my attorney and that my uncle is my power of attorney. They kept stating that I was a victim and that my uncle got all my money and spent it all. Started telling that he bought a ~~to~~ house borrowed a few people money bought other houses and that he paid all his debts off. They said that he is living the high life in a \$200 thousand dollar house that my settlement paid off while I live like a bum in a broken down house hurting for

③

money and hiding my car  
 so that it don't get  
 repo. That they watched  
 me ~~to~~ walk to get the  
 car. They kept saying  
 do you know this person  
 and that person and they  
 asked me did I know  
 exactly how much money  
 that my uncle got and  
 has spent. I said no I  
 don't and I don't want to  
 know. They said well we  
 know and we are going to  
 tell you exactly how much  
 and how much he has  
 spent of it. I said I  
 don't care. If I need  
 something I call him  
 and he helps me. That  
 he has always helped me  
 out way before this case  
 was over. That he has  
 always been in my corner.

(4)

He said your wrong <sup>no</sup>  
your uncle is there for  
you or your kids cuz  
if he was that I  
wouldn't be sitting in a  
cps building on the verge  
of losing my kids I  
told them they were  
wrong. That my uncle is  
more of a dad than my  
own dad. Then he said well  
no matter what that my  
uncle I going away for  
a very long time like  
10 to 15 yrs for distributing  
narcotics and fire arms  
and that they have seized  
a few properties of  
his and that the money  
is mine and they want  
to see that I get that  
money. I told them I  
didn't know what they  
was talking about. Then  
they asked if I knew

(5)

that my uncle was in jail  
and what he was charged  
with I said no I don't  
and it has nothing to do  
with me. They said we  
feel your uncle is doing  
you wrong. That if I  
work with them that I  
will have all my money  
and won't have to worry  
about anything and that  
they will get me a  
house pay my kin off  
and that I could buy  
25 of them cars if I  
wanted. Then they said  
that my dad also was  
involved with stealing  
my money and that they  
was in fear for me and  
my kids that after they  
talk to my dad that  
he is gonna flip out on  
me and my kids that they  
would like to put me

my husband and my kids  
in protective custody &  
that I won't have anything  
to worry about that nurse  
will know where we are  
at but those 2 men.  
I said can I have time  
to think about all this  
so that they would let  
me go. They said I advise  
you to go out to lunch  
not to go straight home  
cuz they was coming I  
talk to my dad, And that  
the advice me not to go  
outside and call my uncle  
to tell him. I told them  
I had talked to a  
different attorney they  
wanted her name and  
number. They kept saying  
that I wasn't in trouble  
but if I didn't show  
up the day I had to that  
I would have a warrant

6  
my husband and my kids  
in protective custody &  
that I won't have anything  
to worry about that no one  
will know where we are  
at but those 2 men.  
I said can I have time  
to think about all this  
so that they would let  
me go. They said I advise  
you to go out to lunch  
not to go straight home  
 cuz they was coming!  
I talk to my dad, And that  
the advice me not to go  
outside and call my uncle  
to tell him. I told them  
I had talked to a  
different attorney they  
wanted her name and  
number. They kept saying  
that I wasn't in trouble  
but if I didn't show  
up the day I had to that  
I would have a warrant

and that ops then would  
 take my kids from me.  
 They asked me did I  
 know that my uncle was  
 signing my name to  
 checks. I said yes I  
 do that's why he's my  
 power of attorney. They  
 asked if I was made to  
 sign power of attorney  
 I said no I wanted  
 to. Then they asked about  
 what was promised to  
 me and if I called my  
 uncle right then for  
 \$500 what would he  
 say I said he would  
 tell me to come get it.  
 He said how sure are  
 you I said 100 percent.  
 He said do you know  
 if you don't help us  
 that when my uncle  
 goes to jail that I  
 wouldn't have no one

That all the money <sup>8</sup> would  
 be seized and I would  
 have nothing. I said well  
 I don't feel that's true  
 that I will always  
 have someone there we  
 said I don't think so.  
 He asked was I ok  
 that all the money  
 was gone I said ok  
 like I have said before  
 it don't matter cuz  
 if I need something  
 I'll have to do it  
 ask my uncle. He kept  
 saying we are not out  
 to hurt you that we  
 are looking out for  
 you and your family that  
 we ~~deserve~~ deserve so much  
 more. They asked why did  
 I even need a power of  
 attorney I said cuz  
 my kids would be 10 times  
 more spoiled and I would

(9)

have wasted all of it.  
They said ok so its ok  
that your uncle and your  
dad wasted it and they  
have everything and you  
and your kids have nothing  
but I hurting so bad  
that I'm in debt and  
living like this. For me  
so please just let  
them help me get all  
my money back before its  
seized in a trust that  
no one can touch it.  
He kept saying you will  
be so much happier  
you will have everything  
you want and need.  
said I'm not hurting yes  
I have debt but like  
I have said if I  
need something all I  
have to do is ask and  
my uncle will make sure  
I have it.

Then he <sup>(10)</sup> said that yeah  
 I am not right in the  
 head cuz of what has  
 happened to me that I  
 will always be like this  
 but I dont have to  
 be living like this and I  
 am afraid that I will  
 blow and waste the  
 money that they will have  
 it put into 4 trusts  
 for my kids and me nor  
 anyone else will be able  
 to touch it. He just  
 kept saying please please  
 let us help you so we  
 can put us in a motel  
 and give me money and  
 I wont have to worry about  
 anything they said you know  
 why we came to cps cuz  
 we knew that you are a  
 great mom and you will do  
 anything for my kids that  
 I would do what cps

(12)  
 if why don't you ask him  
 for a brand new SUV for  
 your kids. I ~~said~~ ~~he~~ said does  
 that really matter no it  
 don't. He said yes it  
 does I told you your  
 Uncle don't care about  
 what you need he's living  
 high mighty laughing  
 at you cuz he knows  
 you don't and won't have  
 the money to do any  
 thing about what he  
 has done to you. I  
 said I feel your  
 wrong. He said no I  
 am not and if you would  
 let me I would help  
 you and you will see  
 you can be just as  
 happy as he is. He  
 said yes I know you  
 have been promised so  
 much and you have been  
 let down and hurt so

(13)  
 much that you have  
 your guard up high  
 but you don't have to  
 have that with us  
 whatever we promise  
 you will get it. You  
 will have money in  
 your pocket to spoil  
 yourself and your kids  
 and you can have  
 whatever you or your  
 kids want. Told me  
 to make sure that I  
 contact them by 3pm  
 with my attorneys info  
 and that sooner the better  
 it will be if I would  
 make my decision so they  
 can help me so that I  
 be happy. That if I  
 don't show up to court  
 that I will be in a lot  
 of trouble and then  
 cps will have the right  
 to take my kids.

(14)

I was shaking so bad  
When I left there I  
threw up ~~and~~ and I  
couldn't stop crying. I  
could barely drive home,  
I called my sister right  
away and she talked to  
me til I made it to  
her house. My head  
was hurting so bad  
throbbing I was in  
so much pain from my  
head and from not crying.
